# HIGH-END CONVERSION KIT

## THE PANACEA KIT

Code: TPK002

What traditionally takes hundreds of hours of measuring, cutting, and sanding is reduced to a straightforward assembly process. Our CNC precision means every piece fits perfectly the first time, getting you on the road in weeks, not months.

# RV LIFT BED – ELECTRIC

Code: RVLB01

For DIY or commercial projects creating a 4 or 6 berth motorhome or caravan, the most compact and efficient solution is a Lift-Bed System. Myst Enterprise offers a Customised RV Lift Bed – Aluminium.

Our motorised bed-lifting system is designed for RVs, campervans, and motorhomes, delivering space-saving functionality with fully customisable features.

- Material: Aluminium
- Colour: Custom
- Power: 12V / 220V / 24V / Custom
- Control: Mechanical / Touch / Custom
- Weight Limit: 70kg – 250kg
- Weight: 40kg
- Size: 250 × 40 × 25 cm

## BLACKMOA™ – FIXED CASSETTE TOILET – 12L

New Zealand's only trademarked, first-ever in the country's campervan industry, and the *most compact (330mm(H)) fixed cassette toilet in the world*. Developed by Myst Enterprise, this BlackMOA® meets the broad demands of the RV industry. With 12L fresh water and waste tank capacity, an ultra-convenient slide-out cassette, and under one minute installation into any campervan, it sets the market standard for both builders and end users. Can go on [Sliders](#)

A users survey confirms it boosts resale value and shortens selling time. Proudly patented by Myst Enterprise – a New Zealand local with a global presence.

### Available Sizes:

- 400mm x 400mm ⇔ Code: BMHDSR40
- 450mm x 400mm ↑↓ Code: BMHDSR45

## **BLACKMOA® SLIDING RAILS**

Designed by Myst Enterprise for both sideways and front-back motion, this sliding platform brings convenience, style, and a hygienic solution to campervans. The sideways platform measures 40cm x 40cm, and the front-back version 40cm x 45cm, each supporting up to 150kg with extra runners underneath for added strength. Built tough and reliable, it's a system that will never let you down while your adventures keep going.

## FIX'N'RAIL™ – SECURING PORTABLE LOOS

Myst Enterprise continues to lead with bespoke, customized solutions. Following the success of BlackMOA™, we proudly introduce Fix'n'Rail™ – a unique bracket designed to securely fix portable toilets in campervans, meeting self-containment requirements. Its adjustable width and height fit almost all toilet types, sizes, and styles.

### Fix'n'Rail™

- **Retracted:** ~290mm (H) × 300mm (W) × 450mm (D)
- **Extended:** ~540mm (H) × 370mm (W) × 900mm (D – Rails)
- **Base Height:** ~15mm

## SELF-CONTAINMENT SORTED

This innovative design allows smooth sliding in and out from under beds or storage cavities, combining unmatched functionality, convenience, and value. No other product delivers this level of performance and price.

### Dimensions:

- Size: 31×25×9 cm
- Weight: 1.4kg
- Power: 2600W

Code: BMTBCS

## **PORTABLE GAS STOVE – TRAILBLAZER**

Take your outdoor cooking to the next level with the BlackMOA™ Trail Blazer - Portable Stove, a compact and powerful solution for adventurers and campers alike. This stove is designed to provide convenience, power, and portability - perfect for those who love spending time outdoors.

## SQUABS, MATTRESSES & COVERS

Transform your van into a cozy and personalized space with our custom-made Foam Covers & Foam set. Designed for the complete van setup, this high-quality set offers both comfort and style.

Code: BMFF03

An airbed is a hassle to inflate and offers zero insulation. A pile of duvets is a lumpy mess. What you need is a real bed that feels like it was designed for your vehicle, but that can disappear when you need your boot space back.

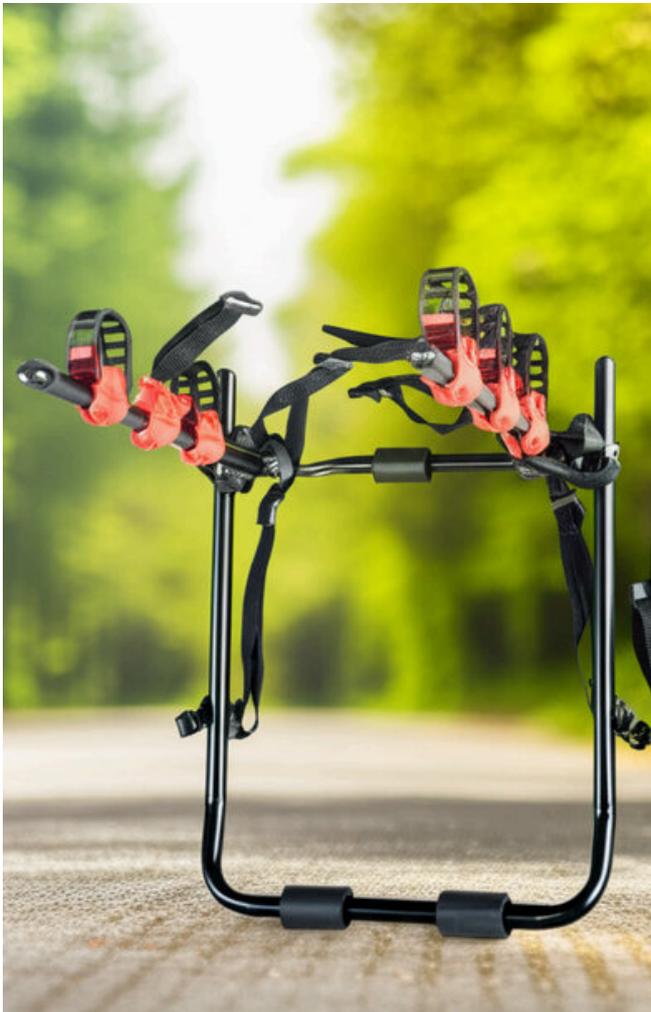

# TRI & 4-FOLD MATTRESSES

Instead choose from a wide variety of custom squabs, foams, and covers, along with versatile tri-fold and four-fold flexi-fit mattresses – all popular across New Zealand for vans, SUVs, and station wagons.

## BIKE RACK & CARRIER

Never compromise on carrying your second love – your bike. Designed with an incline feature that lets you open and close your vehicle's tailgate without unmounting your bike. Crafted from robust materials with a perfect design, BlackMOA® delivers the ultimate bicycle carrier built for strength and convenience.

Code: BRC05

Code: BRC06

Easier than ever – Light weight, compact & can be Installed in just a few clicks

Code: MTT4G

## TREKKO (4G) GPS

After a decade of delivering agricultural drones, lithium batteries, and solar solutions worldwide, Myst Enterprise now brings Trekko (4g) to New Zealand and Australia – the smart, economical GPS tracker that keeps you vigilant over your valuables.

Powered by 4G, Trekko offers Geo-Fencing, engine and alarm control, motion and speed monitoring, and real-time driving behaviour data – all worldwide, with no SIM cards or data plans required. Built for private, commercial, and institutional users who demand reliability without compromise.

Code: MPLTR01

## **BLACKMOA® LIGHT TRANSPORT RAILS**

Heavy-duty metal wheelers designed to effortlessly move fridges, dryers, TVs, or similar appliances within your home, RV, motorhome, or other spaces. Built to carry up to **300kg**, they make repositioning for cleaning or adjusting a breeze. The integrated brake system keeps everything securely in place when not in use. A smart, elegant solution to add ease and convenience to your daily chores.

Code: PWHA

## PORTABLE WATER HEATER

Bringing back the charm of the old days with the luxury of hot water anywhere in the wild – without heavy heaters, or expensive setups.

Weighing less than half a kilo and no longer than an average carrot, this compact powerhouse warms water for cozy showers, dishwashing, and all your outdoor camping needs. Just remember where you put it in your campervan – it's tiny!

Intelligent temperature control device

## PORTABLE SHOWER Code: PCSA5

Turn any outdoor adventure into a luxurious escape. Compact, convenient, and powerful, it features dual-knob controls for precise water speed and volume, powered by a 10W rechargeable battery for over 5 full showers per charge. Fully submersible with a connecting hose, it works from almost any clean water source – even a shallow stream or a bottle – giving you a complete, worry-free shower system anywhere.

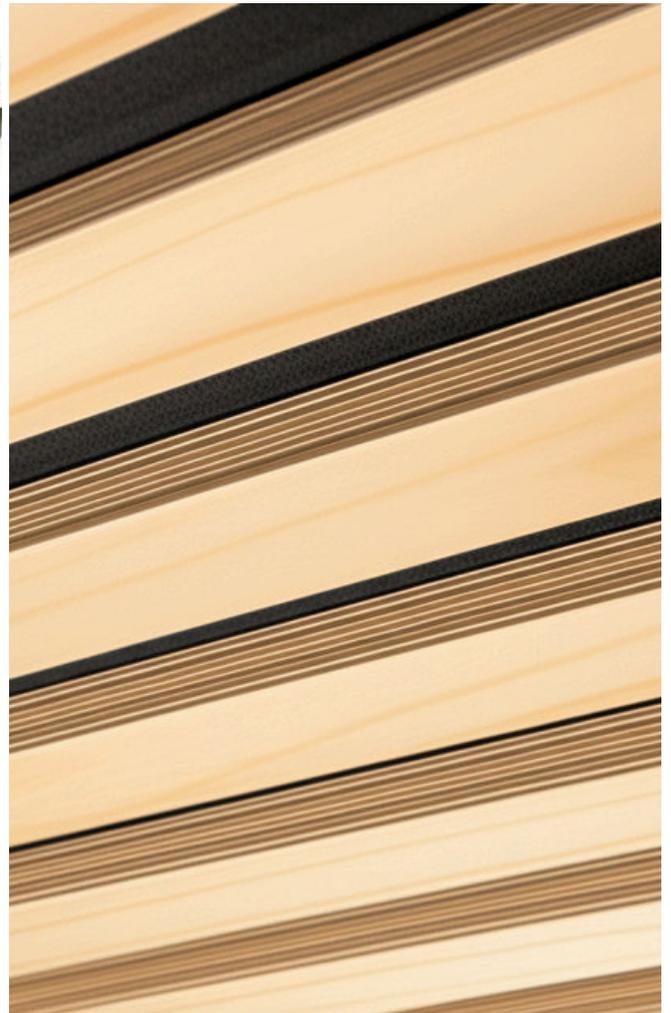

## ACOUSTIC - PLY PANELS

The décor industry has long relied on heavy MDF acoustic panels, only to face moisture problems. BlackMOA® delivers a smarter, finer solution: lightweight, UV-coated plywood panels, manyfold lighter in weight and thickness wrapped in moldable acoustic fabric to control both weather and noise without the risk of moisture damage.

ANTI  
MOISTURE  
MATERIAL

Code: APP01

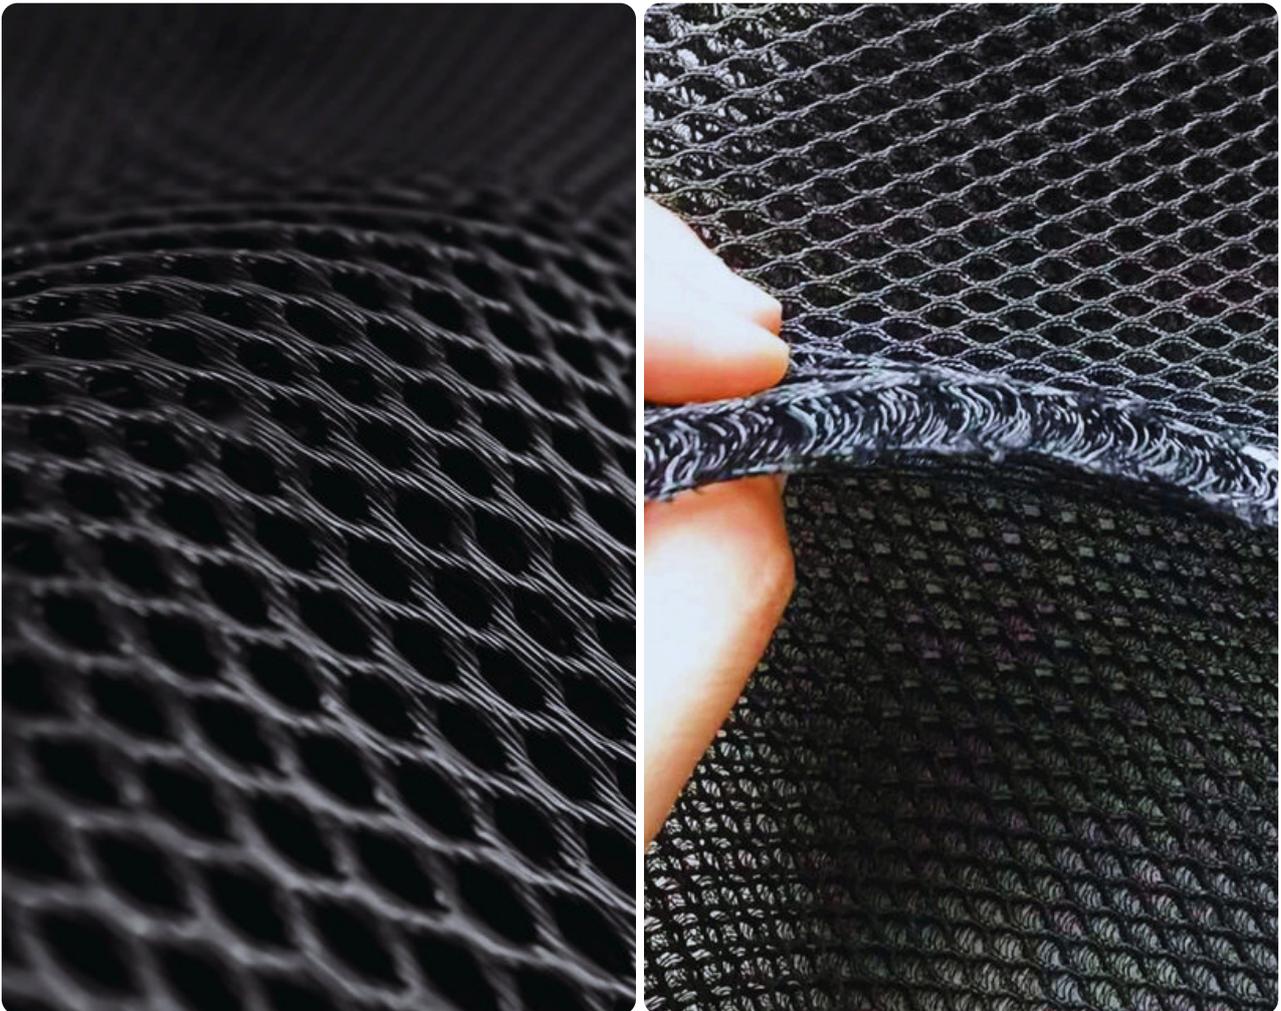

## INTERIOR DÉCOR & COMFORT

Perfect for homes, campervans, or offices. This brilliant innovation from Myst Enterprise combines quality, beauty, and elegance, making it the clear choice when you want to enhance and glamorize your space.

Code: BUL3DM

## 3D FABRIC – ANTI-MOISTURE UNDERLAY

We understand the value of a hygienic, healthy lifestyle in the campervan experience. In the damp climates of New Zealand and parts of Australia, mattresses can trap unwanted moisture while you enjoy the scenery or cook your meals.

## HYGEINE & COMFORT

Our 3D underlay mats promote airflow, extending the life of your mattress and campervan kit while preventing mould and odours. A simple yet powerful upgrade that redefines invisible hygiene. Available in **50m x 2m rolls** or per-van cutouts of **1.5m x 2m**.

# GROOVED PLYWOOD

## **Polished and UV coated**

- 2449 x 1220 x 7mm
  - 2440 x 1220 x 9mm
- 2440 x 1220 x 12mm
  - 2440 x 1220 x 16mm

Code: GPUV

# PVC – SPC – VINYL

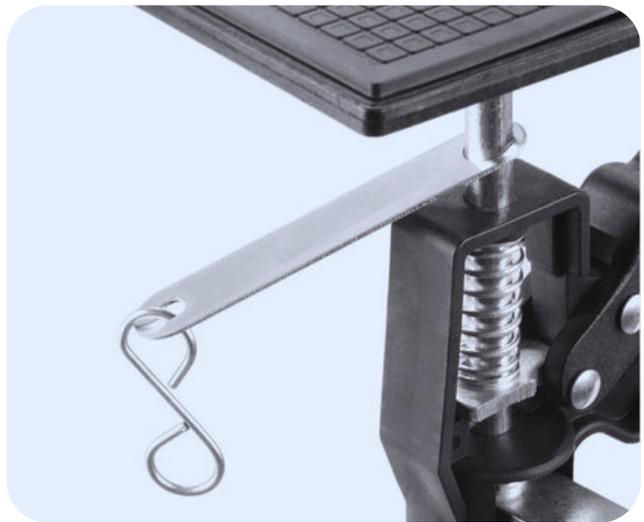

BlackMOA® floor vinyl and tiles are crafted in state-of-the-art facilities that supply elite products to the USA, Europe, and other high-end markets worldwide. Ranging from 1.5mm to 8mm in thickness, Myst Enterprise can deliver customized sizes, thicknesses, and surface designs to meet your exact needs. Our versatile sample book offers endless choices — because with us, every step matters.

New Addition

## EXTENSION SUPPORT ROD

Code: RIJS01

Tired of using makeshift wooden sticks for joinery installations or supporting sliding racks in your campervan? The BlackMOA® Extension Support Rod offers a smarter, stronger solution — extending from 400mm to over 1200mm with an air-clutch control handle for quick adjustments. Built from a perfect blend of metal and robust plastic, it's versatile enough to handle a variety of tasks with ease, flexibility, and strength.

# RETRACTABLE INSTALLATION JACK
